We create value by operating from within the customer's existing networks and maximizing their potential. We offer services from Freight Forwarding, Goods Warehousing & Distribution, Consultancy Services, Cargo Consolidation Services.

### FREIGHT CONSOLIDATION

The Freight Consolidation Services for shipments are the cost effective way to transport low volume cargo. By grouping your shipment with others to fill a standard container, you avoid the cost of shipping an entire container on your own.

#### Service:

1. Competitive rates
2. Cargo compatibility
3. Frequent as well as flexible schedules
4. Global shipping and forwarding network

Cargo freight consolidation is more than a cost effective supply chain solution. The consolidated shipments receive the same benefits as full container load shipments with our world class logistics team, global network and local experts at every destination.

We consolidate the package of a single buyer from different suppliers in one single container and deliver it as full container load. This reduce the cost one single person have to pay for the freight forwarding.

### DOMESTIC SHIPMENTS

The domestic shipment services provided by us are the forte of our company. These shipping services are specially designed keeping in mind the Pakistan conditions. The domestic shipment team is committed towards the seamless, safe and secure movement of cargo or consignment.

Every Import or Export cargo needs to be picked up or delivered by means of road, rail or air. We have exclusive tie-ups with highly professional and economical connections for reducing the ex-works cost for domestic Shipments as per customers requirements.

We are giving Pakistan expertise a global advantage with tamper proof transit and documentation assistance.
